

Building for the future

Richard McBride Replacement Project

New school for Richard McBride

Ensuring our students learn, grow and thrive in welcoming, inclusive and safe school environments.

Public consultation

On March 9, 2018, the BC Ministry of Education announced a \$22.6 million seismic replacement for 89-year-old Richard McBride Elementary School. Students will have a safe, modern school to learn and thrive in. Completion is slated for 2021.

WE WANT TO HEAR FROM YOU

We welcome ideas and aspirations for our new school as we launch the design process. Your input is valued. A second opportunity for public consultation will be held early spring when we share our progress.

Wednesday, December 5, 6:30pm to 8pm

Community consultation meeting with project architects: IBI Architectural Group
