I want to take a few minutes to take stock of some of the work of this Board in its first year, and share some of my gratitude for the work of so many. As a Board, we can look back on our first year together as one of tremendous learning, development, and growth. In a little city of big hills...this District has felt a bit of the Little Blue Engine that Could

- I think I can, I think we can, We think we can
- Hard-working, optimistic, and not afraid of a challenge or two...

We have been at our best when we stay open-minded, support each other's learning, and keep our focus on the systems that support student success. We've worn our hearts on our sleeves, while trying to find agreement on vision and strategies. I like this character.

When we have not given each other or staff the benefit of the doubt, tried to go it alone, or looked for credit before impact, we've found ourselves in choppier waters.

As we move to a place of more focused, strategic action, our progress – with Board, staff, community – will continue to move at the speed of trust. Working together, rather than in isolation, we have learned we can do so much more.

Gratitude:

- For staff
- NWTU & CUPE
- Student Voice
- Community Partners
- District Students and Families
- Our own Families and significant others, who've made space and time for us to be of service to the District.

Honourable Adrian Dix, MLA Minister of Health Room 337 Parliament Buildings Victoria, BC V8V 1X4

Dear Minister Dix,

RE: **Expansion of Publicly Funded HPV Vaccination Program**

The New Westminster School Board is advocating to your ministry to expand the publicly funded HPV vaccination program to include males who were born prior to 2006 and did not qualify for the free HPV9 vaccine when the province began immunizing girls in 2008 and again when the province began immunizing boys born in 2006 or later.

Currently girls who did not get the vaccine in grade 6 remain eligible for the free HPV9 vaccine if they start their vaccine series before their 19th birthday and complete it before their 26th birthday (born in 1994 and later). - source ImmunizeBC. Boys on the other hand, not born in 2006 or later do not have access to the publicly funded HPV vaccine program. The out-of-pocket cost to immunize against HPV, according to ImmunizeBC, is \$500! That cost is prohibitive to many families who might otherwise want to have their kids be protected by the HPV vaccine.

In 2016, the Canadian Cancer Society, along with 25 leading organizations, societies and groups from the medical, dental and public health professions urged the BC government to expand the publicly funded HPV vaccination program to include both males and females. The government at the time agreed and began immunizing grade 6 boys (born in 2006) starting in 2017. Unfortunately, they did not open up the free vaccination to be equal to what is currently available to girls in the province, which means boys born prior to 2006 to still have to pay out of pocket to get vaccinated.

The Canadian Cancer Society recommends that all females age 9 to 45 and males age 9 to 26 be vaccinated against HPV to help reduce their risk of HPV-associated cancers (Source: Canadian Cancer Society).

The upfront cost associated with offering a publicly funded vaccination to boys would more than likely be offset in the future with the prevention of HPV-associated cancers affecting men including; anal, penile, oropharyngeal (OPC) and oral cavity cancers. According to the Canadian Cancer Society, HPV-associated oral cancers are rising in BC, especially among males.

The cost to have our children immunized should not be prohibitive, and all British Columbian youth, regardless of gender, sexual orientation or social status should have equal opportunity to protect themselves from HPV and its associated diseases.

We would therefore like to ask the BC government to expand the publicly-funded HPV vaccination program to be equal for males in regards to what is currently available to females and aligned with the current Canadian Cancer Society recommendation.

Sincerely,

BOARD OF EDUCATION

November 26, 2019

Sent by Email: <u>jteed@newwestcity.ca</u>

Jackie Teed Senior Manager of Development Services City of New Westminster, BC V3L 1H9

Dear Ms. Teed,

RE: Feedback Opportunity – Proposed Initiative to Streamline Development Permits and Official Community Plan Amendments

Thank you for the opportunity to provide feedback on the proposed initiative to streamline development permits and on the official community plan amendments.

The Board of Education (the Board) is pleased to see efforts to streamline the development approval process and supports the proposed changes suggested.

On the official community plan amendments the Board offers the following for consideration:

- 1. Proposed Change: Queensborough Community Plan Amendments: The change of school land use designation would be deleted. The two school sites would be changed to Major Institutional.
 - The Board would like to ask the City to keep in mind that there is a high level of growth anticipated to 2041 and that there may be a need to work with the School District to identify properties for Major Institutional space to allow for expansion in the future in this area. We do not see the change in designation term to otherwise impact School District operations or opportunities for expansion and needs for growth.
- 2. Proposed Change: Official Community Plan Amendments: Staff proposes changing the land use designation of three properties (361 Keary Street, 345 Keary Street and 1906 River Drive).
 - The Board would like to ask the City to consider adding our recently purchased property, 522 Fader Street, and changing the designation of this property to "Major Institutional and/or School". The property was purchased to meet the growing needs of the school district student population and would save the District from having to request a variance process in the future.

We once again thank you for the opportunity to provide feedback.

Yours truly,

Charting our course at New Westminster Schools

Mark Gifford, Board of Education

Karim Hachlaf, Superintendent

This booklet outlines our Strategic Plan for the next five years of inspired learning — an extraordinary roadmap fully grounded in the collective wisdom of our students, staff, parents and community.

You will discover — here in this document and in our interactive online version — our commitment to transform student learning, build meaningful relationships, ensure full participation in learning, and lead into the future.

These four key directions and the actions we will take to make them happen are guided by you. For the first time in our history, we incorporated exciting and robust consultations with students, staff, parents and the community – through a ground-breaking, interactive online forum; a month of guided and deeply felt community dialogue sessions; and more than 100 interviews conducted by an engagement team of parents, administrators, district staff, teachers, trustees and students.

Thanks to so many shared voices through the spring of 2019, we are motivated and inspired to be the model we want the world to be: open to change, willing to take risks, and guided by a clear, focused and meaningful plan of action.

Let us introduce you to our foundation, our identity, our strategic priorities, and our plan.

Welcome to our Learning Journey for 2019–2023!

We believe that every endeavor is guided by a set of commitments not just about the "why" and the "what," but also the "how." These are the ways we are committed to engaging in and through our schools. This is our way, our approach. These principles inform everything we do.

listening to the voices of students	personalizing learning

creating spaces to hear truth	making financially responsible and informed choices
engaging, involving, and supporting parents, staff, and the community	advocating for the unmet needs of our students

Part 4: Our Plan

OVERARCHING GOALS

Transform the student experience, build meaningful relationships, lead into the future, ensure full participation

In this section, you will discover our Board of Education's overarching goals for each of our four strategic priorities — along with the steps to get us there.

These are guiding the work of our teams, schools, and departments throughout the district. Our Facilities and Operations team for instance, will help transform the student experience by ensuring 'barrier-free access to safe, healthy, and green learning environments." Our Human Resources team will help transform the student experience by supporting staff collaboration and innovative learning as one way to enhance the classroom experience.

You will discover the rich and interconnected details of our district-wide plan in our colour-coded, interactive — and living — online document (see www.newwestschools.ca).

Across New Westminster Schools, our shared priorities – along with our team, school and department–specific goals and actions – will amplify and enhance each other. Together, we are building a foundation for making our New Westminster Schools vision a reality: that we are a place where students love to learn.
