#### 3. **PRESENTATIONS**

a. Learning Story No. 2 - Intellectual Literary Focus (S. Singh, T. Dewar, E. Larkman).

Sandra Singh, Director of Learning, Instruction, and Innovation; Tammy Dewar, Vice Principal of Queen Elizabeth School and District Speech-Language Pathologist Emily Larkman, presented Learning Story No. 2 Literacy Intervention at Queen Elizabeth School.

Four literary models were highlighted: 1) The University of Oregon's screening tool DIBELS (Dynamic Indicators of Basic Early Literacy Skills) model which is a set of procedures and measures for assessing the acquisition of literacy skills; 2). The University of Florida Literacy Institute (UFLI) program is an explicit and systematic phonics instruction method to categorize students by reading proficiency and implements targeted interventions; 3). The Continuous Improvement Model (evaluate, prioritize, plan, implement) is a multi-tiered system support model which focuses on using data, so children get the help they need from local educators when they need it; and 4) The RTI (Response to Intervention) triangle which categorizes students into tiers based on their needs. Teachers are also encouraged to consider behaviour and social-emotional needs when plotting students on the RTI triangle.

Singh noted that in the Enhancement Student Learning Report for the 2023-2024 school year, the aggregated performance of students on the Framework for Enhancing Student Learning (FESL) and graduation assessment is in line with the provincial average; the District's aggregated performance tends to mirror provincial trends.

Questions and discussion ensued.

Chair Russell acknowledged the presenters' dedication and skill and looks forward to the next update.

To review the full Learning Story No. 2 presentation, refer to the meeting video at 7:04 p.m.

b. National Day of Truth and Reconciliation (T. Hansen & K. Dunbar)

New Westminster Secondary School (NWSS) teachers and staff Reconciliation Committee members: Tamara Hansen, Katelyn Dunbar, and Brenda Johnstone provided a recap of the Truth and Reconciliation week activities at NWSS as requested by the Board of Education.

Questions and discussion ensued about the importance of creating policies and guidelines to support reconciliation efforts with a commitment to further exploration and development.

Chair Russell and the Trustees acknowledged the presenters for working with the NWSS students and teachers to support Reconciliation efforts, and for their dedication and inspiring work they continue to do.

To review the full National Day for Truth and Reconciliation presentation, refer to the video recording at [7:30 p.m.]

#### c. Rotary Club of New Westminster

Rotary Club members Laurie Stewart and John Barry provided an overview of the Rotary Club of New Westminster. The presentation highlighted the extensive support and programs provided by the Rotary Club to New Westminster Secondary School (NWSS) students. Abigail, a grade 12 student, shared her transformative experience as a Rotary Youth Exchange student in Austria, emphasizing the personal growth and global connections she made.

To review the full Rotary Club of New Westminster presentation, refer to the <u>video</u> recording at 7:51 p.m.

#### 4. COMMENT & QUESTION PERIOD FROM VISITORS

DPAC: Laura Kwong, Chair

- DPAC co-authored an open letter with other DPACs to provincial election candidates calling for action on portable funding.
- DPAC was pleased to host a table at the District's Kindergarten information night.
- DPAC updates also included participation in committee meetings and a small survey they distributed to gain feedback on personal digital device restrictions.
- DPAC was pleased to see the October 8th letter from the Board to the City of New Westminster regarding the capacity crisis.

#### CUPE 409: Dave Bollen, President

- Bollen congratulated members that assumed new executive roles.
- November professional development day will focus on health and safety training for all CUPE members and site reps.
- Grievance & Bargaining Committee training is planned for 2025.

#### NWTU: Kristie Oxley, President

- Oxley attended the recent Kindergarten information session and praised Spencer Elementary School teacher Stacy Calogero for her amazing presentation.
- Oxley has written and distributed a letter regarding Kindergarten gradual entry.

The public was given the opportunity to ask questions on items related to the agenda with staff responding where appropriate. To view the first full comment and question period, please refer to the meeting <u>video</u> at 8:08 p.m.

#### 5. **CORRESPONDENCE**

Ltr. to Mayor & City Councillors (M. Russell)

- a. Chair Russell noted that the Board had sent a letter dated October 8, 2024, to Mayor Johnstone and City Councillors regarding the 22nd Street Station development zone.
- b. BCPSEA Conflict of Interest Guidelines for Trustees (M. Russell)

Chair Russell noted that BCPSEA has released new conflict of interest guidelines for trustees. This item is included in this evening's agenda package and is being brought forward for information purposes only.

#### 6. **BOARD COMMITTEE REPORTS**

- a. Education Policy & Planning Committee, October 15, 2024.
  - 1. Comments from the Committee Chair, Trustee Andres.

Trustee Andres highlighted the following topics: the new student representatives for Student Voice, the implementation of Ministerial Order 9 ban on cell phone usage, an update on the Kindergarten gradual entry process with an information session held on October 31, 2024. Andres also acknowledged and thanked the staff for their excellent work on the AI usage framework.

2. Approval of the October 15, 2024 Education Policy and Planning Committee Minutes.

#### 2024-070 Moved and Seconded

THAT the Board of Education of School District No. 40 (New Westminster) approve the minutes as distributed for the Education Policy and Planning Committee held on October 15, 2024.

**CARRIED UNANIMOUSLY** 

- b. Education Policy & Planning Committee, October 15, 2024.
  - 1. Comments from the Committee Chair, Trustee Connelly.

Connelly acknowledged and thanked Queen Elizabeth principal Sarah Phelan and staff for their efforts to continue to keep students safe during the current expansion project at the school; a report from Associate Superintendent Lawlor reveals data that enrolment continues to grow rapidly; this data also helps direct the Districts advocacy efforts to ensure that students continue to learn in safe environments. Connelly also acknowledged Human Resources, Executive Director Weston and his team who continue to work hard to ensure staffing needs are met.

2. Approval of the October 15, 2024 Education Policy and Planning Committee Minutes.

2024-071 Moved and Seconded

THAT the Board of Education of School District No. 40 (New Westminster) approve the minutes as distributed for the Operations Policy and Planning Committee held on October 15, 2024.

CARRIED UNANIMOUSLY

Chair Russell requested a 5-minute recess at 8:31 p.m.

Chair Russell reconvened the meeting at 8:37 p.m.

#### 7. REPORTS FROM SENIOR MANAGEMENT

a. Superintendent Update (M. Davidson) (Verbal)

Superintendent Davidson provided an update on the following activities:

- Davidson reported on his school site visits emphasizing the importance of collaborative conversations among administrators and teachers. Teachers have been patient with his visits to schools and he expressed his gratitude to the Principal and Vice Principal Association for allowing him to attend their professional learning session last week; it was a great experience.
- Davidson and Pam Craven, Director of Instruction, Secondary Programs will visit New Westminster Secondary School, Middle Schools, and F.W. Howay, and Associate Superintendent Lawlor and Directors will visit other schools; both groups with the intent to review school plans to see how they align with the data in the FESL Report.
- Davidson highlighted the FESL Report which aims to provide support to help schools move young learners forward with a focus on individual student learning experiences. Davidson noted that the data sets inform the administrators' contribution to the Strategic Plan which helps to construct specific goals, targets, and measures. The focus remains on individual learners rather than just numbers, which ensures that the data is actionable and supports student improvement. The new Strategic Plan will use a well-received format that guides the school system's direction forward and will continue to involve regular meetings with administration teams.
- b. Bank Signing Authority (B. Ketcham) (Verbal)

2024-072 Moved and Seconded

THAT the Board of Education of School District No. 40 (New Westminster)'s bank signing authorities be updated to include Mark Davidson, Superintendent.

**CARRIED UNANIMOUSLY** 

c. Board Work Plan - November / December 2024 (B. Ketcham)

Secretary-Treasurer Ketcham provided an update regarding the Board Work Plan, noting that the September and October plans were previously approved by the Board in June 2024; proposed revisions for November and December are included for Board approval. The Board Work Plan aims to provide a clearer understanding for their partner groups and members of the public.

#### 2024-073 Moved and Seconded

THAT the Board of Education of School District No. 40 (New Westminster) approve the Board Work Plan for November and December 2024.

#### CARRIED UNANIMOUSLY

d. NWSS 5-Block Model (P. Craven)

Pam Craven, Director of Instruction-Secondary Programs provided an update regarding the proposed implementation of the new NWSS 5-Block model, meetings with stakeholder groups, and consultations with students, parents, and teachers. *Highlights:* Craven noted that the block length will be kept as long as possible, around 77 minutes, with a 4-minute transition time between classes. The model separates students and teachers into A-D and B-E blocks, which aligns with the Collective Agreement language. Concerns were raised for the lack of support blocks, the impact on students' schedules, sports programming and bussing students from Queensborough.

Craven clarified that support blocks are still available and that additional support can be provided in 'A' and 'E' blocks; a review of the impact of the 5-block model on student access to support blocks and elective courses will be re-examined. Craven confirmed that bussing will continue as planned, and adjustments will be made as required which will ensure communication and coordination with the Queensborough community regarding bussing impacts from the 5-Block model. Adjustments will also be made to ensure students can continue with their sports programs and continue to participate in their chosen activities.

The NWSS 5-Block Model Final Report will be brought forward on Tuesday, November 26, 2024.

- e. AP 341 Transportation of Students with Disabilities and Diverse Abilities
- AP 341 addresses transportation services for students with disabilities and diverse abilities. Rhonda Jones, Director of Instruction and Learning Services, and team members reviewed the language and the need for clarity in prioritizing services for students with mobility challenges was identified. The redline changes within this document reflect these changes.

- f. Administrative Procedures (B. Ketcham)
  - 1. AP 544 Access to Buildings
  - AP 544 edits included helps to address access to buildings during breaks for
    preventative and scheduled maintenance. *Highlights*: the need for staff to notify
    principals and facilities about their comings and goings during critical times;
    clarification on the unacceptable use of facilities for personal reasons, and changes
    to procedure 8.
  - 2. AP 520 Fundraising and Coordination of Fundraising with PAC;
  - 3. AP 522 Charitable Donations, and 4. AP 525 Corporate Sponsorship.
  - The background information and changes to APs 522, 525 and 520 regarding donations and sponsorships were reviewed. Secretary-Treasurer Ketcham noted that AP 522 and 525 had been separated from AP 520 to reduce confusion and to provide clarity; a backgrounder report detailing the consultation process and feedback is included in this evening's agenda package. AP 522 covers donations, including equipment from PACs, and AP 525 addresses sponsorships with robust documentation and expectations for recognition. The importance of acknowledging gifts and sponsorships appropriately was emphasized.

Chair Russell acknowledged and thanked the staff team, Secretary-Treasurer Ketcham, Trustees Sluis and Connelly, Learning Team Director Jones, and various partner groups for their contributions to the Administrative Procedures and the School Generated Funds Committee.

To review the Administrative Procedures refer to the meeting video at 9:00 p.m.

#### 8. **NEW BUSINESS**

a. Policy 26 – Fundraising (C. Sluis & D. Connelly)

Trustee Sluis introduced Policy 26, which provides guidance for staff and partners on the District's approach to fundraising. The Policy aims to support decision-making when procedures are unclear to provide a clear guide for the Board. The policy has been reviewed and updated with feedback from the ad hoc committee and partner groups.

#### 2024-074 Moved and Seconded

That the Board of Education of School District No. 40 (New Westminster) adopt Policy 26 Fundraising as presented.

#### 5. REPORTS FROM SENIOR MANAGEMENT

a. Board Authority Authorized (BAA) Courses Update (Pam Craven, Director of Instruction – Leadership and Learning

#### What is a Board/Authority Authorized Course?

- · a course developed by teachers in a specific school district
- meets the needs, interests and passions of students
- provides flexibility and choice
- promotes engagement and student success

#### **BAA Course Requirements**

- courses are:
  - o guided by specific Ministry of Education procedures
  - elective credits (grades 10-12) that count towards graduation in 2018 Graduation Program (28 credits of 80 must be electives)
  - ELL, Indigenous requirements
- courses cannot be used toward the Adult Graduation Program

#### BAA Course Creation and Approval

- Submissions in October
- Board presentation/approval: November/December
- Ministry documents submitted: December
- New BAA courses included in course selection process in January for a September start

#### Are All BAA Courses Offered Every Year?

Currently we have 37 active BAA courses

BAA course offerings are determined by:

- teacher interest, qualifications & passion
- student need/passion/request/enrolment
- available resources: space, materials, access to specialty equipment and outside supports
- timetable coordination

#### Current BAA Offerings

Applications for Learning	Student Leadership	Cultural Identities
Desktop Publishing	Laboratory Technology	Peer Tutoring
Yearbook	English Language Learning	Hockey Academy
Volleyball Skills	Self-Efficacy	Psychology
Basketball	Football	Lacrosse
Traditional Trades and Tool Making		

Most of these courses were developed as separate Grade 10,11 and 12 courses.

#### New BAA Course for Approval for 2025-2026

Introduction to Investment 12

This course will look at topics such as investing, financial products, financial markets, stock ownership, financial statement analysis, evaluation methodologies, ethical investing, and financial crises.

Key concepts and functionality related to money, banking, and personal investment decisions.

#### Why This Course?

**Considerations:** High School Students seem to have limited knowledge about the value of money and investments.

It is important for students to learn how to manage their finances and investments earlier in their life and they will have some ideas what to do with their hard-earned money once they start working.

#### Introductions to Investment: Big Ideas

Financial Literacy promotes the financial well-being of both individuals and businesses.

Tools and technologies can be adapted for specific purposes.

Business creates opportunities to enable change.

Trustee Dhaliwal made a comment that this course is a great idea and that it is nice that it is being offered.

Trustee Connelly questioned if there would be a struggle with the course offerings or a challenge at our schools.

Craven noted there is a minimum request of 18 attendees and that currently the investment club has 80+ students so they don't believe this will be a challenge.

Chair Andres acknowledged this is a great opportunity but wanted to know that students are being made clear that they are learning about this, and this is not advice.

Craven advised that Mr. Lam thoroughly did say they provide examples, and this is for knowledge not insider tips.

Chair Andres advised that there should be correspondence to parents informing them that the course is educational and should not be used as a source of financial advice.

#### **BAA Board Motion:**

#### **Moved and Seconded**

That the Education Policy and Planning Committee recommend to the Board of Education of School District No. 40 (New Westminster) approve the following Board Authority/Authorized Course for the 2025/2026 school year: Introduction to Investment 12

Trustee Dhaliwal question regarding worrisome online report and the digital base line report curious about are approach leading up as well as after the fact, students must feel like they are being violated and surveilled, are we working with students and parents, do we make assumptions and report to the police. How are we protecting student's privacy instead and working with them to correct the behaviour and not punish?

Smith advised with the WOB they we are cautious of how we approach students, any of the content that is viewable on any of these reports is publicly viewable content so anybody can go online. So, some of the work that is done with students is that if you were looking for a job the picture of you holding a replica gun that it is viewable by a potential employer or university. In terms of privacy that information is out there already. We work with students on having privacy settings, but this becomes a catch 22 because if there is concerning content, we don't have access to it. A lot of this is so dependant on the situation that the answer to the question is difficult. Reports are made to the police if there is danger to the community, for example if I see online pictures of firearms. In some cases, we don't act if the police advise there is an active investigation. But most of the time families are included in the process.

Trustee Russell it is my understanding those (reports) also included things flagged by social media companies themselves and passed on to the school, are we still accessing that, if a user flags someone's worrisome online behaviour.

Smith in that case Safer Schools would notify us if there was something relating to a safety concern for example if they were notified of that they would contact us and let us know. Whether that information was part of the WOB reports not sure but can look into that. There is still online monitoring they haven't dropped us from providing this information. That would be unethical.

Trustee Russell I'm also interested in the Digital Baseline report I'm not sure students would be aware that happens, in terms of suicidality I'm wondering if this is the best practice or if a conversation with the student would be more fruitful.

Smith to clarify if a student reported to me or a staff member that they were having suicide thoughts that doesn't automatically trigger me to pull one of these reports (Digital Baseline) that will always involve the counsellor and the school-based admin. If there are larger concerns or if the student starts to show up with evidence of self harm, then we will investigate further.

Chair Andres thanked Smith for setting up a strong foundation, MOU with the police and the situation table, we commend you for the work.

- a. Capital Projects Update (D. Crowe)
  - Dave Crowe, Director of Capital Projects, reported on the Queen Elizabeth Elementary project and noted delays due to a labour dispute in the Vancouver ports. The delay is expected to last around a week; the project is still on track, and the release of piles is imminent.
  - The relocation of the high-pressure sewer main is progressing, and vibration and noise monitoring plans are in place.
  - The NWSS Memorial Park project is moving forward; tender documents for the landscape contractor are being finalized.
  - Artist's renderings will be placed on the fencing currently surrounding the site to inform the community about the project in the next few weeks.

#### b. Operations Update

- 1. Facilities & Finance Report (A. Grey)
- Assistant Secretary-Treasurer Grey referred to the report provided and noted that
  the playground enhancement project at Lord Kelvin Elementary School and the New
  Westminster Secondary School (NWSS) cooling project are progressing as
  expected.
- The Finance team worked through the required Ministry and other reporting requirements over the past month, all of which have been submitted.
- 2. 2024-25 Estimated Operating Grant Recalculation (A. Grey)

Assistant Secretary-Treasurer Grey stated that this was an update to the preliminary operating grant calculations based on the enrolment projections submitted to the Ministry in February 2024.

September Enrolment Count: the 1701 enrolment process has been completed.
 An increase over the original projections leads to an estimated funding increase for the District of \$955,000 more than the preliminary operating grant calculation. Grey noted that this is an estimate, and the Ministry will confirm the actual recalculation in mid-December. The actual enrolment for K-12 standard schools is about 40 students more than original projections translating to \$358,000 in additional funding.

- Supplement for unique student needs is estimated to be \$480,000 higher than original estimates mainly due to an increase in Level 2 students and English Language Learning (ELL) enrolment.
- Further adjustments to the operating grant will result from actual enrolment counts in February and May 2025.

#### Next Steps:

 The 2024-25 amended budget will reflect the confirmed increase to the operating grant that will be announced by the Ministry in mid-December and will also have a corresponding expense impact for staffing and other known adjustments to support the enrolment growth and student needs.

#### 4. General Announcements

#### MANAGEMENT REPORT

Version: 8898-8152-6170

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 40 (New Westminster) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 40 (New Westminster) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 40 (New Westminster) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Education of School District No. 40 (New Westminster), and To the Minister of Education and Child Care, Province of British Columbia

#### **Opinion**

We have audited the financial statements of School District No. 40 (New Westminster), (the "Entity"), which comprise:

- the statement of financial position as at June 30, 2024
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended June 30, 2024 of the Entity present fairly and are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

#### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of Matter – Financial Reporting Framework

We draw attention to Note 2 to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

District No. 40 (New Westminster) Page 2

#### Other Information

Management is responsible for the other information. Other information comprises:

- Information, other than the financial statements and auditor's report thereon, included in the Financial Statement Discussion and Analysis document
- Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the information, other than the financial statements and auditor's report thereon, included in the Financial Statement Discussion and Analysis document and the Unaudited Schedules 1-4 attached to the audited financial statements as at the date of this auditor's report.

If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

District No. 40 (New Westminster) Page 3

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

#### We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion.
  - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 40 (New Westminster)", and operates as "School District No. 40 (New Westminster)". A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care ("MECC" or the "Ministry"). The School District is a registered charity under the Income Tax Act and is exempt from federal and provincial corporate income taxes.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except regarding the accounting for government transfers as set out in notes 2(e) and 2(l).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in notes 2(e) and 2(l), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of tangible capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue
  by the recipient when approved by the transferor and the eligibility criteria have been met in accordance
  with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

#### b) Cash and Cash Equivalents

Cash and cash equivalents include deposits in the Provincial Ministry of Finance Central Deposit Program that are readily convertible to known amounts of cash and that are subject to insignificant risk of change in value. These cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investing.

#### c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

#### d) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### e) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in note 2(1).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the Statement of Operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished.

#### f) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including non-vested benefits under employee future benefit plans. Benefits include accumulating non-vested sick leave, early retirement, retirement/severance, vacation and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

#### g) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

- there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- the past transaction or event giving rise to the liability has occurred;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The School District's asset retirement obligation includes the removal of asbestos and other hazardous material in several of the buildings owned by the School District. The liability has been measured at current cost as the timing and amounts of future cash flows cannot be estimated. The resulting costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see note 2(i)). Assumptions used in the calculations are reviewed annually.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### h) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
  - o is directly responsible; or
  - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

#### i) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction.
- Donated tangible capital assets are recorded at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as a transfer to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

#### j) Prepaid Expenses

Amounts for insurance, software licenses and other services paid in advance are included as a prepaid expense. Prepaid expenses are stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### k) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

The Board is responsible for ensuring the School District is protected financially from extraordinary circumstances that would negatively impact the education of students. To discharge this responsibility, the Board shall build and maintain a contingency reserve through the maintenance of an accumulated surplus, which will be used to mitigate any negative impact such circumstances might cause. By Board policy, a contingency reserve of at least 2% of operating expenses shall be maintained. The Board will incorporate into its future budget planning processes, strategies to re-establish the contingency reserve, should it fall below this level.

#### 1) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and the amounts can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral, as described below. Eligibility criteria are the criteria that the School District must meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital asset acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Effective July 1, 2023, the School District adopted PS 3400 Revenue on a prospective basis. Revenue from transactions with performance obligations is recognized when (or as) the performance obligation is satisfied (by providing the promised goods or services to the payor).

Revenue from transactions with no performance obligations is recognized when the district:

- has the authority to claim or retain an inflow of economic resources; and
- identifies a past transaction or event that gives rise to an asset.

The adoption of this standard did not impact the financial results.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### m) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

#### Categories of Salaries

- Principals, Vice-Principals and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Associate Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

#### Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, allocations of
  expenses to functions are determined by actual identification. Additional costs pertaining to specific
  instructional programs, such as special and Indigenous education, are allocated to these programs. All
  other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the
  time spent in each function and program. School-based clerical salaries are allocated to school
  administration and partially to other programs to which they may be assigned. Principals and VicePrincipals salaries are allocated to school administration and may be partially allocated to other programs
  to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

#### n) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the Statement of Re-measurement Gains and Losses. Upon settlement, the cumulative gain or loss is reclassified from the Statement of Re-measurement Gains and Losses and recognized in the Statement of Operations. Interest and dividends attributable to financial instruments are reported in the Statement of Operations. There are no measurement gains or losses during the periods presented; therefore, no Statement of Re-measurement Gains and Losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the Statement of Operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

#### NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### o) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Actual results could differ from those estimates.

#### NOTE 10 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusteed pension plans). The board of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2023, the Teachers' Pension Plan has about 51,000 active members and approximately 42,000 retired members. As of December 31, 2023, the Municipal Pension Plan has about 256,000 active members, including approximately 31,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020 indicated a \$1,584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021 indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The School District paid \$7,471,665 (2023 - \$6,778,634) for employer contributions to the plans in the year ended June 30, 2024.

The next valuation for the Teachers' Pension Plan will be as at December 31, 2023, with results available in 2024. The next valuation for the Municipal Pension Plan will be as at December 31, 2024, with results available in 2025.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

#### NOTE 11 ASSET RETIREMENT OBLIGATION

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials within some School District owned buildings that will undergo renovations or demolition in the future. A reasonable estimate of the fair value of the obligations has been recognized using the modified retroactive approach as at July 1, 2022. The obligation was measured at current cost as the timing of future cash flows cannot be reasonably determined. These costs have been capitalized as part of the assets' carrying value and are amortized over the assets' estimated useful lives.

#### NOTE 12 RELATED PARTY TRANSACTIONS

The School District is related through common control to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

#### NOTE 13 BUDGET FIGURES

#### NOTE 17 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry and various government agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

#### NOTE 18 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

#### a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash and cash equivalents and amounts receivable.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits as they are placed in recognized British Columbia institutions and the School District invests solely in the Province of British Columbia's Central Deposit Program.

#### b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its cash deposits. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in certificates of deposit that have a maturity date of no more than 3 years.

#### c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all school districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2023 related to credit, market or liquidity risks.

#### NOTE 19 CONTINGENT LIABILITIES

In the normal course of business, lawsuits and claims may be brought against the School District which may give rise to future liabilities. The School District defends against these lawsuits and claims. Management has not made provisions for any unexpected liabilities and believes that the ultimate results of any pending legal proceeding will not have a material effect on the financial position of the School District.

#### **Statement of Financial Information (SOFI)**

#### Fiscal Year Ended June 30, 2024

#### **Explanation of Differences to Audited Financial Statements**

For the Schedule of Remuneration and Expenses, reconciling items include the following:

- The audited financial statements are prepared on an accrual basis, whereas the remuneration and expenses included in the SOFI are reported on a cash basis.
- Taxable benefits are included in the remuneration column of the Schedule of Remuneration and Expenses. The same amount is included in the Schedule of Payments Made for the Provision of Goods and Services for payments made to benefit carriers.
- Salary and benefit amounts recovered from third parties are included in remuneration for SOFI purposes but are reported net of the recovered amount in the audited financial statements.
- All expenses for conference, training, business meetings, parking and travel paid by the district on behalf of the employee are reported, even those that were subsequently reimbursed by the employee. Expenses in the audited financial statements are reported net of any subsequent reimbursement by the employee.
- Expenses paid in respect of employees include 100% of the GST paid, whereas the
  expenditures in the audited financial statements are shown net of the GST
  rebate.

For the Schedule of Payments Made for the Provision of Goods and Services, reconciling items include the following:

- The audited financial statements are prepared on an accrual basis, whereas the payments to suppliers included in the SOFI are reported on a cash basis.
- Payment to suppliers include 100% of GST paid whereas the audited financial statements report expenses net of eligible GST rebates.
- Depreciation of fixed assets is recorded as an expenditure in the audited financial statements and not on the schedule, which includes fixed asset purchases that are capitalized in the audited financial statements.
- Amounts paid by recovery from the Ministry of Education and Child Care operating grants for School Protection Plan Insurance, Next Generation Network, MyEd BC and Capital Asset Management System are included as an expense in the audited financial statements however not included in the schedule.
- The schedule may include expenditures which are wholly or partially recovered or reimbursed from other organizations or employees thereby reducing the district's operating expenditures in the audited financial statements.

Supplement to:	OPEN SCHOOL BOARD MEETING
Date:	Tuesday, November 26, 2024
Submitted by:	Pam Craven – Director of Instruction
Item:	Requiring Action Yes   No  For Information
Subject:	NWSS Extended Timetable

#### Background

This presentation highlights the process, considerations, and implementation of an Extended Day timetable at New Westminster Secondary School (NWSS) for the 2025-2026 school year.

#### **Development Process:**

Since Spring 2024, the timetable development team consisting of the NWSS administrative team, Human Resources, and Director of Instruction, have engaged in consultation and planning, guiding by following principles:

- 1. Secondary students that reside in New Westminster are placed within New Westminster Secondary School or within our alternate programs.
- 2. Providing equitable access to educational opportunities in specialty instructional programs (home economics, physical education, arts, Applied Design, Skills, and Technology (ADST) etc.).
- 3. Maintain 21<sup>st</sup> century learning environment that fosters collaborative learning, cross-disciplinary work, accessible and inviting hallway spaces, and visible/open learning.

#### Stakeholder Engagement involved:

- 1. Survey with staff, students, and parents.
- 2. Small group discussions with staff, students and parents.
- 3. Multiple Joint Educational Implementation Committee (JEDIC) meetings under Article F23 of the SD40/NWTU Collective Agreement.
- 4. CUPE meetings.

#### **Conclusion:**

This timetable is designed by the timetable team to align with the district's guiding principles to address capacity and commitment to modern, inclusive, and flexible education delivery, while incorporating stakeholder feedback and addressing operational challenges.

## How we got here? Spring 2024

#### GUIDING PRINCIPLES

- 1. Secondary students that reside in New Westminster are placed within New Westminster Secondary School or within our alternate programs.
- 2. Providing equitable access to educational opportunities in specialty instructional programs (home economics, physical education, arts, Applied Design, Skills, and Technology (ADST) etc.).
- 3. Maintain 21<sup>st</sup> century learning environment that fosters collaborative learning, cross-disciplinary work, accessible and inviting hallway spaces, and visible/open learning.

#### PUBLIC PARTICIPATION

- SPRING SURVEY STAFF, STUDENTS, PARENTS
- SPRING STUDENT AND STAFF SMALL GROUP DISCUSSIONS
- JOINT EDUCATION IMPLEMENTATION COMMITTEE MEETINGS
- CUPE MEETING

## Where are we now? Fall 2024

#### KEY CONSIDERATIONS

Block Length: instructional time should be as close to 77 minutes as possible

Lunch period: single lunch period, no shorter than the current 49 minutes

Transition time: 4 minutes was considered, although there were concerns that this might be too short

5 block schedule – students take 4 blocks (A – D or B – E)

Teachers teach 7 blocks/1 block prep (ideally A – D or B – E)

Morning Z block to fit into A, Afterschool classes to fit into E

5.5 hours per day [330 mins]: 27.5 per week (no more than 5.5)

School act- Calendar hours required: 922 hours/year required
