DIGITAL TECHNOLOGY

The Board of Education of School District No. 40 (New Westminister) believes that the introduction and growth of digital technologies provides school districts with new opportunities and challenges.

The Board also believes digital technologies can facilitate collaboration between students, educators, parents, and classrooms while also providing schools with rich online resources. Today's technology enables classrooms, communities, and experts around the world to share digitally in a learning experience, wherever they may be (*Introduction to British Columbia's Redesigned Curriculum, 2015*).

- We believe that technology provides the opportunity to enhance engagement and amplify learning.
- We believe technology supports the critical role of the educator to facilitate student learning.
- We believe that all members of the school community must be responsible digital citizens.

It is recognized; however, that some material accessed or transferred may not be appropriate or meet school and community standards. For this reason the Board will establish standards in keeping with a responsible education community and maintain appropriate guidelines for students and staff.

The Board encourages the responsible and ethical use of digital technology by staff and students. The Board recognizes its responsibility to protect the personal information of student and staff and monitor digital content. Accordingly, the Board will take all reasonable steps to inform parents of potential risks and benefit and to exercise due diligence and governance over student and staff use of digital technology. The Board will endeavor to ensure that all users are aware of, and abide by the district guidelines.

The Board recognizes its authority to place reasonable restrictions on the material users access or distribute while using the District's digital technology. The district will take specific steps to ensure that the information accessed meets the provisions of Policy #603.5 – Learning Resources.

*This Policy is supported by Board-Approved Regulation No. 506.0/406.0
SD No. 40 (New Westminister)*

*Adopted: December 15, 1998
Updated: February 23, 2016*

Modification to this document is not permitted without prior written consent from SD No. 40 (New Westminister)

POLICY MANUAL
REGULATION 506.0/406.0

500 STUDENT PERSONNEL

Digital Technology

Engaging in media and technology can promote learning, teaching and collaboration for students, staff, and parents. The district is committed to ensuring that District digital technologies are used for educational purposes and that all users of such technologies are aware of their responsibilities for the acceptable use of these tools. The following regulations for users and the district are intended to promote the efficient, ethical and legal utilization of District digital technologies.

Definitions:

Digital technology is the broad range of communication, information, and related technologies used to support learning, teaching and assessment. Social media are websites and applications that enable users to create and share content or to participate in social networking.

District Guidelines

1. The district has the right to routinely monitor the general use of internet and email services.
2. The district has the right to investigate any complaints of misuse and to conduct any investigations required by law or Board Policy.
3. The district has the right to access any files in the system where misuse is known or suspected.
4. The district has the right to place reasonable restrictions on the material user's access or post through the system.
5. In the event of a user violating the policy the district has the right to suspend a user's access and to invoke disciplinary and possible legal action.
6. The district will endeavor to provide equitable access to digital technology in schools and district work sites to support teaching and learning.
7. The district will adhere to the provincial filtering protocols.
8. The district will ensure that all staff users have reviewed the policy and regulations, and have a current District Digital Technology User Agreement on file.
9. The district will require all students complete a District Digital Technology User Agreement in Kindergarten, grade 6, grade 9 and/or in the year of entry in a New Westminister school.
10. The district will only be responsible for financial obligations of account holders if they have received the prior written approval of the district.
11. Site-based and district administrators are responsible for initiating an investigation when the Digital Technology Policy is contravened.
12. The district will follow regulations as per Canada's anti-spam legislation.

13. If and when a parent or community group questions the appropriateness of any particular on-line resource the Board may authorize the Superintendent of Schools, in accordance with Board Policy 603.5, to establish a review committee. The committee will be comprised of professionals, citizens and at least one member of the Board to assess the resource, to assess the complaint and to recommend a course of action to the Board.

General Guidelines for Users:

1. District digital technology shall be used for educational and school-work related purposes.
2. Users will be informed of their rights and responsibilities as outlined in this policy.
3. User behavior online should reflect personal, classroom, and school community values. This means that the expected behavior of users is the same both in person and online.
4. Users will conduct themselves in a courteous, ethical, legal and responsible manner while using these systems. All Board policies and administrative procedures, including those on harassment, equity, and proper conduct of employees and students apply to the use of digital technologies.
5. Users are expected to demonstrate and show respect for themselves, peers, and other users they interact online and when posting and exchanging information online.
6. District digital technologies shall not be used for illegal or inappropriate purposes. Inappropriate use of district digital technology includes, but is not limited to:
 - transmission of materials in violation of Canadian Law
 - transmission, storage or duplication of pornographic material
 - transmission or posting of threatening, offensive or obscene material
 - transmission or duplication of material in violation of copyright law
 - plagiarism of works found on the internet
 - transmission of known false or defamatory information about a person or organization
 - threatening or harassment of others
 - attempts at unauthorized access to data, servers, or external services
 - impersonation or use of someone else's account or identity online
 - attempts to vandalize district or external systems, including malicious attempts to destroy data of another user, via virus or other means
 - use of abusive, vulgar, profane, obscene, harassing or other inappropriate language
 - posting of mail, photos, and information without permission of the author;
 - sharing of passwords with others
 - revealing of another person's personal address, phone number, picture, or other data without personal or parental consent, as appropriate
7. It is rare but possible to accidentally access inappropriate materials. Students are to immediately report such events to district staff and then return to appropriate materials.
8. Users will promptly disclose to their teacher, or the appropriate school or district employee, any message they receive which is inappropriate or makes them feel uncomfortable.

9. Users will install software on a District computer or computer system assigned for their use only where they are permitted to do so. Such software must be legally licensed.

10. School Guidelines

- a. Schools will obtain permission from parents/guardians for release of photo/media/video to commemorate, document and/or promote learning and various sports and educational events.

11. Staff Guidelines

- a. Staff must sign a District Digital Technology User Agreement at point of hire.
b. Staff will demonstrate digital citizenship, both during and outside of school hours, by conducting all related activities in a responsible, ethical, legal and respectful manner in accordance with professional codes of ethics and standards and the District Digital Technology User Agreement.
c. Staff will use dedicated school district sites and tools only for online communication with students and parents. Staff should obtain approval from their administrator when using other digital tools. All digital tools for communicating must comply with this policy and must be appropriately restricted i.e. to students in your class or activity.
d. No identifying information about students is to be posted e.g. last names, addresses, and phone numbers.
e. Staff will outline their expectations and specific rules regarding digital technology use with their students.
f. Staff will use school based accounts for digital tools for educational purposes and communicating student learning. Staff will not interact with students in a non-educational manner with digital technology.
g. Staff will utilize appropriate privacy settings to control access to their personal social media sites.

12. Student Guidelines

- a. Students under the age of 19 and their parent/guardian must sign a District Digital Technology User Agreement in order to access digital technology in Kindergarten, grade 6, grade 9 and/or year of entry into a New Westminister School. Students 19 and over may sign their own forms.
b. Students under the age of 19 and their parent/guardian must sign a Media, Photo, and Video release consent form to allow schools/teachers to commemorate, document and/or promote learning and various sports and educational events.
c. Students 19 and over may sign their own forms.

SD No. 40
NEW WESTMINSTER

The New Westminister School District is committed to ensuring that its students become self-assured and self-sufficient adults who are wise, caring, creative and flexible and able to live successfully in an ever-changing environment.

- d. Students under the age of 19 and their parent/guardian must sign a Digital Tools consent form before using digital tools and apps for education. Students 19 and over may sign their own forms.

13. Parent Guidelines

- a. Parents are encouraged to have frequent proactive discussions with their children around their use of digital technology, internet and social media applications.

14. Guest Guidelines

- a. Guest access to district internet may be extended to trustees, parent members of Parent Advisory Councils, members of other school districts, or other members of the education community.
- b. Guests are required to comply with this administrative procedure and any rules, procedures, and regulations regarding use of the district internet that are made by the District. Failure to do so may result in suspension or revocation of access privileges.
