Amended Budget

Overview

In April 2017, the New Westminster Board of Education approved the 2017/2018 Annual Budget. This budget was based on preliminary estimates of enrollment funding and other revenue and expenditure factors.

In accordance with Section 113 (2) (a) of the School Act the Board, by bylaw, must amend its annual budget. Attached, as Appendix A, is a draft of the Amended Annual Budget as prepared using the forms prescribed by the Ministry. The revised amounts reflect updated estimates based on available data and any adjustments recommended by management to better address the priorities set by the board in its report "Teaching and Learning in Diverse Classrooms: A District Blueprint for Learner Success" A discussion of the proposed adjustments and their impact on the budget follows the summary table provided below.

<i>2017/18 Operating Budget (\$ Millions)</i>				
	<i>Annual Budget</i>		<i>Proposed Amended</i>	
<i>Revenues</i>	<i>\$</i>	<i>67.4</i>	<i>\$</i>	<i>67.6</i>
<i>Expenses</i>		<i>67.9</i>		<i>68.1</i>
<i>Budgeted Surplus Allocation</i>		<i>0.4</i>		<i>0.5</i>
<i>Capital Assets Purchased</i>		<i>-</i>		<i>-</i>
<i>Budget Surplus (shortfall)</i>	<i>\$</i>	<i>0.0</i>	<i>\$</i>	<i>0.0</i>

Revenues

Although revenue forecasts have increased by approximately \$150,000 in aggregate, the district's total Provincial Grant received from the Ministry is projected to be roughly \$220,000 lower than initially forecast. This is due in part to reductions in Supplements for unique geographic factors and staff salary differential.

In addition, while per pupil enrollment based funding increased by around \$300,000, this gain was offset by a reduction in the number of students in the district with designations and a resulting reduction in the supplement for unique student need.

The overall reduction to the Ministry grant has been more than offset by increases in district generated revenue from tuition, investments, and facility rentals.

Expenses

Salary and benefit expenses represent close to 90% of the district's operating budget. Overall these costs have gone down significantly from initial projections in the annual budget. This is the result of two main factors, the first being a lower than anticipated average teacher salary. This reduced average cost is likely the result of the influx of new teachers across the province or the restored class size and composition language.

The second factor to impact Teacher salaries is the additional funding received under the Classroom Enhancement Fund (CEF). Final confirmation of CEF funding was not available at the time the initial budget was prepared and consequently staffing costs that were initially recorded in operating funds have now been moved over to special purpose funds.

The combination of these two factors has resulted in a reduction in estimated salary costs for this employee group of nearly \$900,000 in the operating budget. With a proportionate reduction in estimates for Benefits and Substitutes.

Salary costs for all other employee groups have increased from initial projections. In the administrative and other professional categories this is largely the result of moving to a standardized district wage grid that was approved by PESEC subsequent to the preparation of the annual budget. There is also some additional staffing at the VP level. In the case of CUPE members the reverse is true, the increase is largely a reflection of additional staffing. With the exception of the economic stability dividend, the wage increases for support staff and EAs were known at the time the budget was prepared. Increases in the EA, maintenance, and clerical complement have been budgeted to address increasing enrollment and continued process improvements.

Estimates for services and supplies costs have been increased in the proposed amended budget. The most significant single adjustment is associated with adding four portables to the district's facilities in order to address continued enrollment growth. It is anticipated that portables will be added at Glenbrook, Queen Elizabeth, and Lord Kelvin. As well, there is a proposed increase to school-based services and supplies budgets of close to \$300,000 to accelerate the purchase of classroom and school resources.

Accumulated Surplus

The estimated allocation of accumulated surplus in the proposed amended budget does not differ significantly from what was originally estimated in the budget approved last April. The district has recorded just over \$1.6 million in unrestricted operating surplus as of the end of its 2016/2017 Fiscal year. This represents a healthy surplus balance and the additional \$70,000 in allocated surplus will not impact that balance in a significant way.

It is important to note that actual costs can often vary from budget estimates by 1-2% but this amended budget provides sufficient remaining surplus to allow the Board confidence moving forward.

2018/19 Budget Planning

An updated Budget Survey has been published on the district website. The survey is being actively promoted on the website and through social media. Staff have also shared the survey link with all school PACs and requested that it be advertised at their next meeting. Results of the survey will be shared with the board as outlined in the budget planning process approved by the board at its January meeting.

Capital projects and Planning

District Staff continue to work with the Ministry to obtain project approval and funding for all the projects identified on our Five-Year Capital Plan. Staff are also working to prepare an updated Long-Range Facility Plan that will inform the update to the Five-Year Capital Plan in June of this year.

Respectfully,

Kevin Lorenz
Secretary-Treasurer

Guiding Principles

- Authentic and meaningful
- Guide effective instructional practice
- Provide data to inform program design and effective delivery

Aboriginal Goals moving forward...

Goals

- 1 – Support our Aboriginal students as they develop pride, confidence and self-esteem through the affirmation of their ancestral identity.
- 2 – Significantly improve the performance of Aboriginal learners in Numeracy, Reading and Writing.
- 3 – Support the successful transition of Aboriginal students from Kindergarten through to Post-Secondary.
- 4 – Continue to increase the understanding and knowledge of all educators and students in the New Westminster School District on Aboriginal history, culture and perspectives across all subject areas from Kindergarten to Grade.

Belonging/Culture

- Survey Aboriginal students to determine what social/cultural activities they are interested in at school.
- Continue to provide social and cultural gatherings at school so Aboriginal students have opportunities to strengthen peer relationships and a sense of belonging.
- Provide Reconciliation opportunities for Aboriginal students in their schools.

Literacy & Numeracy

- Middle school transitions co-ordinator to identify and set up interventions for Aboriginal students at-risk of failing one or more courses.
- Aboriginal education and curriculum facilitators will build on numeracy units that embed Aboriginal perspectives and ways of knowing.
- For both literacy and numeracy support, we need to consistently use our current internal screeners to provide necessary academic supports.

Transitions

- Graduation Coach at NWSS will work with school-based teams to identify Aboriginal students at-risk of failing or dropping out, set up interventions, provide mentoring and advocacy and liaise with the school and family.
- Coordinate mentorship programs for older Aboriginal students to mentor younger students during key transitions.
- Create Aboriginal orientation days for elementary students entering middle schools and middle school students entering high school.

Education

- Offer professional development opportunities for educators to deepen their understanding of Canada's colonial history and its effects on Aboriginal peoples.
- Support educators as they work towards embedding Aboriginal perspectives across the curriculum, including Residential Schools in Grades 5 and 10.
- Create awareness for staff, students, parents and community members of the importance of meaningful acknowledgement of traditional and unceded territories of the Qayqayt First Nation and all Coast Salish Peoples.

Student Voice

Aboriginal students at NWSS were asked during small focus group meetings, “What do you like about NWSS?”

- The response was that most students felt like they felt safe at NWSS and they felt a sense of belonging.
- Students suggested a peer-tutoring class, for credit so that they could provide academic support to junior students at NWSS.
- To support transitions, students suggested that middle-school students pair up with senior students and attend classes for a day.

Student Voice

- During the first “Pizza and Bannock” gathering at NWSS, students were asked to generate ideas about how they could connect as an Aboriginal student community.
 - Outdoor field trips - Hiking, archery, local plant walks
 - Cultural Experiences - Long house visits, drumming/dancing, First Peoples Art, carving
 - Aboriginal Foods - Traditional foods, including making bannock
 - Reconciliation - Visit a BC residential school
 - Educational - Visit Douglas College, learn about university opportunities
