

New Westminster Late French Immersion Parent & Student Information Night

Why choose Late French Immersion?

If your child is in grade 5, one of the important decisions you and your child will make is whether you want to complete an application for Late French Immersion which starts in grade 6.

What is the program like? What can my child expect? Are all the classes in French? How can I help my child? Help answer these questions by attending the information meeting on Thursday, January 11th.
