Guiding Principles

Please indicate your level of agreement with the following project aspirations.

01 Build a school that will support the evolving learning environment.

The goal is to offer an environment that enhances the personalized learning experiences of all students. By incorporating spaces for a variety of instruction, the school will offer flexible, adaptive and collaborative spaces to meet the needs of all learners, staff and the entire community.

02 Develop a sustainable design that will minimize impacts on the environment.

The building will be designed to minimize the impact of its footprint on the environment and support the development of responsible, global citizens. The space will promote the understanding of sustainable design and living. Paired with a curriculum that nurtures cultural and global understanding, as well as personal and social responsibility, the school environment will help support the interdisciplinary curriculum for all learners.

03 Develop a design with an emphasis on healthy students and staff.

The environment will be one that emphasizes wellness and promotes lifelong learning and health. Holistic design for the physical, social and emotional needs of all stakeholders is key in promoting wellbeing.

04 Honour the historical and cultural significance of New Westminster.

With a proud and rich history, New Westminster is a culturally significant community. The project will honour the history of the City and the area.

05 Create adaptive spaces that consider the role of rapidly changing technology in the ways students learn.

The new learning environment will respond to the rapidly changing technology landscape by providing a flexible learning space to meet the needs of all learners.

06 Create opportunities for school and community engagement.

Engagement and interaction promotes a sense of community among learners. The new facility will create places of collaboration for students, staff, parents and community members. By placing flexible spaces throughout the building, and maintaining safe and secure entryways, the School will feel open, and accessible, for all learners.

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

07 Create indoor and outdoor learning spaces.

The whole school will become a classroom. Honouring the notion that learning happens everywhere, the school community will have the opportunity to learn across multiple spaces indoors and outdoors

Strongly Agree	Somewhat Agree	Neither Agree nor Disagree	Somewhat Disagree	Strongly Disagree
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

08 Make teaching and learning spaces visible.

Transparency creates curiosity; curiosity sparks learning. By making teaching and learning spaces visible, the school community will become increasingly interactive. The spaces will incorporate natural light at every opportunity as well as create greater connections to the outdoors.
