

MEDIA, PHOTO, AND VIDEO RELEASE FOR THE 2020-2021 SCHOOL YEAR

StrongStart and Early Learning Parent/Guardian Permission

It is New Westminister School District's tradition to allow staff and the media to photograph and film individual students and groups of students to commemorate, document, and promote learning and various educational sports and cultural events taking place in the schools and the district. While images and videos add to the community life of our schools, they are not required for educational purposes. Students' first names, photographs, video excerpts, and comments may be published in the school yearbook, newsletter, or digital media and, on occasion, in school district publications, annual report, or in the news media.

I give consent for the publication of my child's name, photograph, video excerpts, and comments for the purposes consistent with the above. This consent will be considered valid from the date at which it is signed until the end of the current school year, June 30.

Name of Child: _____ Date (mm/dd/yyyy): _____
Name of Parent/Guardian: _____ Signature of Parent/Guardian: _____

I **DO NOT** give consent for the publication of my child's name, photograph, video excerpts, and comments for the purposes consistent with the above.
